

## BRAINSTORMS

With Ferrin Cox

The old issue of where to locate the jail in Coffee County is not dead apparently. The commissioners met Friday and voted to apply for federal funds only for a jail in Elba. Well, this upset some people from Enterprise and the battle of words continues. The losers will be the people of Coffee County, because with all the applications for this "FREE" federal money, they ain't about to give it to people who fuss and fight about EVERYTHING.

Elba beat Opp in Football last Friday night. This was one of the games even most of the players conceded that Elba would lose. However, that extra spirit mentioned last week is paying off because there can be no doubt in anyone's mind that Elba completely dominated that game.

Dr. Jim Boyce made his long awaited arrival in Elba last Thursday and began his medical practice on Monday of this week. Anyone who has talked with the good doctor on one of his trips to Elba quickly detects his enthusiasm and thinks of ways to get some of that energy to good use. Let me warn you to BE CAREFUL - cause it is that the good doctor has some things to say. While you think you are getting off the hook on a project by getting his help, you may in fact be agreeing to support one of his favorite projects. Most people have dreams of things to do in the community but I bet none of us have admitted we would like to see an ice hockey rink in Elba - Jim Boyce confessed Monday that he liked our football game Friday night and the wholesome participation by players, cheerleaders, band and fans convinced him that Elba folks would enjoy ice hockey! He pointed out that a professional team is now in Birmingham, a school is in Mobile and there is some playing in Huntsville and no law against it in Elba. Anyway, if you don't know car care anything about ice hockey, you better not let the good doctor tell you defenseless with his natural and enthusiastic charm.

I had kind hoped that the outgoing city council would have a peaceful last meeting and they almost did it but for the final board appointment. Councilman Ronnie Vaughan was nominated but failed to get the appointment. He then showed his disappointment by openly questioning the percentage of those who voted against his appointment. To be sure his peers understood his statements, Vaughan repeated them several times and once pointed fingers at each of those voting against him, called their names and expressed his disappointment without diplomacy.

I heard a real corny, but funny Jimmy Carter joke last week. It would take two pages to print the joke, which is my excuse for not boring you with it. It never ceases to amaze me that people can make up new jokes to fit the political campaign of the year.

## Jimmy Ennis To Begin Air Force Medical Service

Airman James E. Ennis, whose medical specialty is in human relations, has been selected for technical training at Sheppard AFB, Tex., in the Air Force medical service field.

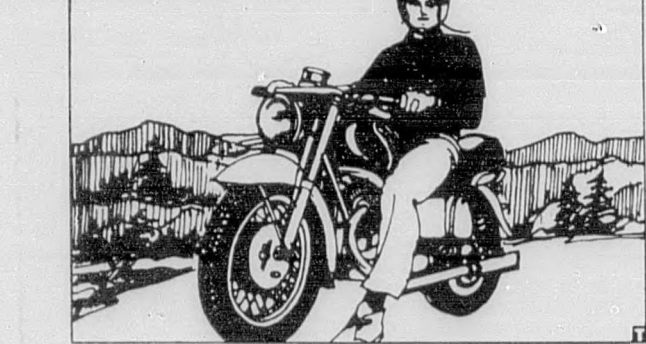

The Airman recently completed basic training at Lackland AFB, Tex., and studied the Air Force mission, organization and structure.

Airman Ennis, a 1973 graduate of Elba High School, attended George C. Wallace Community College, Dothan.

The Airman's father, James M. Ennis, resides at 105 N. Airport Road, Dothan.

THE EXTRA MONEY CAN COME IN HANDS.

Join the Army Reserve and you can make about \$50 a week, just by going to meetings. With regular promotions and pay raises, it amounts to a nice extra income. You can make more money, or spend on the weekends you have off. See your local Army Reserve unit for details.

THE ARMY RESERVE PART OF WHAT YOU EARN IS PRIDE.

American Legion meets 1st Tuesday at Legion Home at 7:00.

Worship & Electric Board - 2nd Tuesday of each month at 6:00 p.m., at City Hall.

Weight Watchers new meeting place - Courthouse Court Room at 7:30 p.m., each Tuesday.

The HRDC Office on Putnam Street invites participation in the ceramic & sewing classes each Wednesday afternoon.

## Coffee County Health

By: KENNETH R. BALL

swine flu. Influenza may be named for an Italian term meaning "influence or effect of the color" and is an acute respiratory disease caused by a virus.

The two main types of influenza viruses are A and B, but each type has many strains. Type A is generally more frequent and severe.

When new strains develop they are generally different from any previously known. These new strains may cause epidemics since people have not had any previous exposure and have not built up specific immunity against them.

Now there is a new strain - A New Jersey - swine flu which has triggered plans for the greatest immunization program in the nation's history.

Nothing like this has ever been attempted in this country and the flu vaccine will become available to every man, woman and child in the USA - more than 200 million people.

This mass immunization program decision was made late in March after the new swine flu strain was discovered among Army recruits at Ft. Dix, New Jersey. The Center for Disease Control of the Department of Health, Education, and Welfare started the plan in motion which will involve all health personnel. The Federal government will provide the technical leadership and coordination, state health agencies will provide experience in systematic immunization programs, and the private health sector will be called on for extensive medical and other health-related resources.

Influenza virus of swine has been known for many years as the cause of illness in swine, but the Ft. Dix outbreak is the first known example in America since the early 1930's of person-to-person transmission of a human influenza virus related to that of swine. Swine influenza is relatively stable as opposed to the changing virus which causes flu in humans.

There is little difference in the flu virus of the early thirties and today. It is responsible for the body to build immunity from a new strain of flu virus since these strains are so numerous.

The flu vaccine to be used has a virus that has been killed but will stimulate the production of antibodies in persons without producing flu. No one who is immunized will get the flu because of the vaccine.

Since the vaccine to be used is grown in eggs, probably persons highly allergic to eggs should not be immunized, but a physician should be consulted before a final decision is made.

Even people who are unable to take the vaccine will get some immunity because they will be living in a protected society and will probably be less likely to become infected.

Frequently Asked Questions. About Swine Flu

1. How will immunization be made available, through private physicians, health departments, nursing homes, industry and other authorized medical facilities. There will be more or less two phases. The first phase will be to immunize those who are high risk. These are people over 65 and/or chronically ill. The second phase will be getting to those other people over age five and under 65. This will be accomplished through school programs, evening community wide clinics, Sunday camps.

2. How will immunization be made available? We will conduct flu vaccine programs in all of the State's public schools and all private schools with 100 or more pupils enrolled. We will have separate clinics in our health departments, special evening clinics for adults who work, and in some communities there will be Sunday campaigns. Private physicians will be giving the vaccine in their offices. Large industries that have medical facilities will be administering the vaccine. Nursing homes will also have vaccine available for their patients and staff.

3. How and who will decide on high-risk people? A high risk individual is someone over 65 years of age and/or chronically ill. A physician or a nurse in charge at the clinic site will decide who is a high risk individual.

4. What immunization method will be used? We will conduct flu vaccine programs in all of the State's public schools and all private schools with 100 or more pupils enrolled. We will have separate clinics in our health departments, special evening clinics for adults who work, and in some communities there will be Sunday campaigns. Private physicians will be giving the vaccine in their offices. Large industries that have medical facilities will be administering the vaccine. Nursing homes will also have vaccine available for their patients and staff.

5. How will immunization be made available? We will conduct flu vaccine programs in all of the State's public schools and all private schools with 100 or more pupils enrolled. We will have separate clinics in our health departments, special evening clinics for adults who work, and in some communities there will be Sunday campaigns. Private physicians will be giving the vaccine in their offices. Large industries that have medical facilities will be administering the vaccine. Nursing homes will also have vaccine available for their patients and staff.

6. How will immunization be made available? We will conduct flu vaccine programs in all of the State's public schools and all private schools with 100 or more pupils enrolled. We will have separate clinics in our health departments, special evening clinics for adults who work, and in some communities there will be Sunday campaigns. Private physicians will be giving the vaccine in their offices. Large industries that have medical facilities will be administering the vaccine. Nursing homes will also have vaccine available for their patients and staff.

7. How will immunization be made available? We will conduct flu vaccine programs in all of the State's public schools and all private schools with 100 or more pupils enrolled. We will have separate clinics in our health departments, special evening clinics for adults who work, and in some communities there will be Sunday campaigns. Private physicians will be giving the vaccine in their offices. Large industries that have medical facilities will be administering the vaccine. Nursing homes will also have vaccine available for their patients and staff.

8. How will immunization be made available? We will conduct flu vaccine programs in all of the State's public schools and all private schools with 100 or more pupils enrolled. We will have separate clinics in our health departments, special evening clinics for adults who work, and in some communities there will be Sunday campaigns. Private physicians will be giving the vaccine in their offices. Large industries that have medical facilities will be administering the vaccine. Nursing homes will also have vaccine available for their patients and staff.

9. How will immunization be made available? We will conduct flu vaccine programs in all of the State's public schools and all private schools with 100 or more pupils enrolled. We will have separate clinics in our health departments, special evening clinics for adults who work, and in some communities there will be Sunday campaigns. Private physicians will be giving the vaccine in their offices. Large industries that have medical facilities will be administering the vaccine. Nursing homes will also have vaccine available for their patients and staff.

10. How will immunization be made available? We will conduct flu vaccine programs in all of the State's public schools and all private schools with 100 or more pupils enrolled. We will have separate clinics in our health departments, special evening clinics for adults who work, and in some communities there will be Sunday campaigns. ## Please Explain...

Questions on the Old Testament answered by Gleason L. Archer, Jr.

Q. Why is Genesis 31:22-24 referred to as the Mizpah "benediction"? Was it really intended as a blessing, or was it an expression of mistrust between Laban and Jacob, involving an appeal to God to see to it that both parties kept their agreement with each other?

A. A careful reading of Genesis 31:22-24 indicates the following background to this remarkable verse, "The Lord watch between me and thee, when we are absent one from another." Laban had caught up to Jacob after he had surreptitiously fled from Padan-aram, and rebuked Jacob for leaving without giving him a chance even to say good-bye to his daughters, Leah and Rachel. Laban then made a thorough but unsuccessful search for his missing teraphim (idols or family gods), which actually had been stolen by Rachel.

Jacob, unaware of this theft, then proceeded to rebuke his father-in-law sternly, recalling how many times Laban had tried to cheat him in the years gone by, continually changing the employment contract in his own (Laban's) favor.

The result was a stand-off between the two piles of rocks decided to erect a pile of rocks

as a witness to a new compact of mutual nonaggression. Laban gave it the Aramaic name of *Jegar-sahadutha* (Watch-tower), and Jacob gave it the Hebrew equivalent, *Galeed* (Gilead). They also called it *Mizpah* (Watch-tower), saying, "The Lord watch [a form of the verb *shaph*, from which the term *mizpah* is derived] between me and thee, when we are absent one from another."

This served as a testimony that neither Laban nor Jacob would pass beyond this boundary marker with intent to do the other any harm (Genesis 31:52).

Q. Does the Bible state that Adam inherited eternal life? Some have suggested that he was the high priest for Cain and Abel when they offered their sacrifices to God. Is it reasonable to infer from God's clothing Adam and Eve with animal skins after the Fall that he also taught them about blood sacrifice?

A. It is nowhere explicitly stated in Scripture that Adam was saved by Grace through faith after he was expelled from Eden. To be sure, his first sin of disobedience resulted in the fall of the human race (1 Corinthians 15:22; Romans 5:12-21), of whom he was the

first human being to conceive a saving faith in the Grace of God, even though Abel was the first to die in a state of salvation, having predeceased his father by more than 800 years (Genesis 5:3-5).

We conclude that Adam was the first human being to conceive a saving faith in the Grace of God, even though Abel was the first to die in a state of salvation, having predeceased his father by more than 800 years (Genesis 5:3-5).

We conclude that Adam was the first human being to conceive a saving faith in the Grace of God, even though Abel was the first to die in a state of salvation, having predeceased his father by more than 800 years (Genesis 5:3-5).

We conclude that Adam was the first human being to conceive a saving faith in the Grace of God, even though Abel was the first to die in a state of salvation, having predeceased his father by more than 800 years (Genesis 5:3-5).

**PEANUT OUTLOOK**  
The A. flavus mold has diminished dramatically in Coffee County peanuts this week. Last week this time I was greatly concerned about the percentage of A. flavus being delivered to the buyers. Generally, the peanuts most likely to have A. flavus are those first because they are in drought-stricken areas. The rains several weeks ago helped in this respect.

I still believe we will average close to a ton per acre of peanuts in the county even though the yields will vary from 300 pounds or less per acre on up to over 4,000 pounds per acre.

**SOYBEAN INSECTS**  
Podworms can be extremely damaging in soybeans. Dr. Ronald Smith at Auburn told me this week that there had been an extremely high buildup of podworms in soybeans in the past few weeks. Fortunately, they are not occurring in all fields. We do not grow a lot of soybeans in the county, but those people who have them need to be on guard. Growers should check each field closely for podworms at least twice a week. When one or more podworm per foot of row are discovered, control measures are recommended.

Seven at the rate of 1-1 1/2 pounds per acre is recommended or methyl parathion at the rate of 1 lb. Technical material per acre. Lanate or Nudrin at the rate of 1/4-1/2 pound per acre is also recommended. With additional rains we can make a pretty good crop of soybeans on the 12,000 to 15,000 acres that we have planted.

## Fertilizer Decisions? Try Soil Testing

The value of soil testing is something many farmers recognize. And why not? It can save you money through more efficient use of fertilizer and lime, and it can boost crop yields to put more dollars in your pocket.

This fall, right after the harvest, is a good time to have your soil tested. Soil testing offers several advantages, he says. First, it's easier to dig samples while the soil is still loose, and the soil is usually not too wet.

Another advantage Casaday says, is that you avoid next year's "spring rush." Along in February to April each year, a lot of farmers, and home gardeners too, decide it's time to have their soil tested. I would look for 35c hogs by Christmas or before and certainly by next spring.

Folks in the hog business can't be going in the hog business and going out. If prices decrease as expected, Coffee County growers will need to look for 35c hogs by Christmas or before and certainly by next spring.

During the next two to three weeks the peanut harvest will be completed and the corn harvest will be well underway. I see some folks taking some mighty risky chances with farm machinery. For example, yesterday afternoon I saw a man putting an aerosol lubricant on the movable parts of his combine. I am sure this is a good way to lubricate and get rid of some of the rust on the outside parts. However, this individual had on long sleeves and the sleeves were unbuttoned. He did not realize how easily he could have been caught up in that machinery and lost an arm or even his life. It may take longer to service equipment that is not running, but it would be a lot safer if possible to cut the machinery off to the servicing.

**COFFEE CONSERVATION**  
BY: Hughes Clark & Faulk

**TERRACES & WATERWAYS**  
The crops are off the soil now and the time is perfect to get that new set of terraces constructed on that field. Terraces are helpful to farmers in many ways: (1) they slow down

**THE COFFEE COUNTY 4-H GOLD KEY FRATERNITY** initiated six new members. These members are: (front row, left to right) Donna Carroll, New Brockton, Cathy Sawyer, New Hope; Pam Sheffield, Kingston; and Suzanne Sanders, New Hope; (back row - left to right) Leslie Hussey, Zion Chapel; and Stephen Nagy, Enterprise. These members were selected on their leadership, project work, character and willingness to serve. The Gold Key Fraternity is an organization for outstanding 4-H leaders throughout the county.

**HOME SEWING DAY**  
"Home Sewing Day" will be featured in Coffee County September 23 at the County Extension Office in New Brockton. Home Sewing Day is designed to acquaint you with full-fashion fabrics. Also, new items will be exhibited and demonstrated. Merchants in the county are helping to sponsor this event. Home-sewn garments will be on display, also.

This special day is opened to the public from 10:00 to 8:00 p.m. This time frame will enable working women to attend at night. Others may attend at their convenience. Come and stay as long as you like. Bring others with you.

**CHILDREN'S ACTIVITIES**  
A little competition can often help you put out that extra effort to do your very best. But, unfortunately, parents sometimes push their children into too many highly competitive situations which they might not be ready to handle physically or emotionally. Over-concern for a child's success and pressure to compete can cause frustrations, anxieties and in some cases, emotional problems.

Organized activities usually only stress the competitive spirit. Swimming contests, for example, where the fastest wins, can be discouraging to the child who doesn't win. Unless your child has matured enough to see the activity as just a game, he may have doubts about his ability and worth if he loses. Parents should be aware of this and stress not winning or losing, but trying. And keep in mind your child's abilities and emotional maturity before encouraging him to join in competition.

Parents also need to ask themselves whether it's them or their child who's most interested in competition. Parents who try to live through their children's victories can create serious problems for their children if they don't live up to their parent's winner image. Parents should teach their

## HOW SWEET IT IS !!

Players Give Coach Champion Victory Ride After Win !!!

Kinston Claims 1st Win,  
Blanks McKenzie 21-0

The Kinston Bulldogs gave their hometown fans plenty to cheer about last Friday night when they won their first football game in modern history. The victory came when the Bulldogs blanked McKenzie 21-0.

The win gives Kinston a 1-2 record, while the loss leaves McKenzie 0-3. Kinston wasted little time in lighting up the scoreboard as Jeff Parker fired an 11-yard scoring strike to Max Harris in the opening stanza. Philip McKinney ran in the two-point conversion to give the Bulldogs an 8-0 lead.

Neither team could dent the scoring column in the second period, and at halftime Kinston's lead stood at 8-0. The Kinston fans began to smell the victory in the third quarter when Winston Caldwell blasted over from four yards out. The pat failed, but Kinston was ahead 13-0 and were not to be denied the win.

The fans went wild in the fourth quarter when Jeff Parker and Ronnie Sanson teamed up on an 86-yard scoring pass. Parker lobbed the pat, and it was just a matter of time as Kinston led 21-0.

et down the final seconds as Kinston claimed the victory 21-0.

The victorious Bulldogs offense was led by the fine play of Jeff Parker. Max Harris and Philip McKinney teamed up for 186 yards.

Parker, the Kinston quarterback, completed 8 of 13 passes for 186 yards. Farris, a two-way starter, rushed for 72 yards. McKinney, a lanky senior, rushed for 72 yards. Playing well on defense were McKinney, Farris, T. C. Hattaway, Tramel, Perry, Devon Raymond and Caldwell.

Elba Marching Tigers drum corp entertains fans with excellent routine.

Opp's Kenneth Hall (24) crashes face first into turf after being upended by Tiger defensive end Willie Lowe.

Steven Harrelson (37) dives for fumble. Opp defender recovered Elba mis-cue. (Picture at left)

## TIGERS BLAST OPP 20-0

The Elba Tigers made their 1976 football home opener a stunning success last week by blasting the previously unbeaten Opp Bobcats 20-0.

The win ups Elba's record to 3-1, while the loss drops the Bobcats' chart to an identical 3-1.

Opp won the toss, and put the ball in play at their 20-yardline after Willie Lowe's kick sailed into the endzone. The Bobcats managed only one first down before being stopped by the quick Elba defense.

The Tiger offense put the ball in play at the 23, and promptly began a 77-yard scoring drive.

After Russ Cash kept for nine yards, senior running back Win Westbrook ran twice for 21 yards, moving the ball into Opp territory. Johnny Dyess and Larry Phillips swapped carrying for nine yard gains, but two five-yard penalties stalled the Elba threat.

The two-part conversion failed, but with 5:14 left in the opening stanza Elba led 8-0. Opp received the ensuing kick, and marched to the Elba 11-yardline before turning the ball over on downs.

The two rivals swapped punts, with Elba finally gaining possession at their 16-yardline with 8:11 left in the half. Johnny Dyess broke loose for a 22-yard gain on the drive's initial play, followed by James Smith's 10-yard run on the next play, and Dyess moved the ball to the Opp 42 on the next play with a five-yard pick-up.

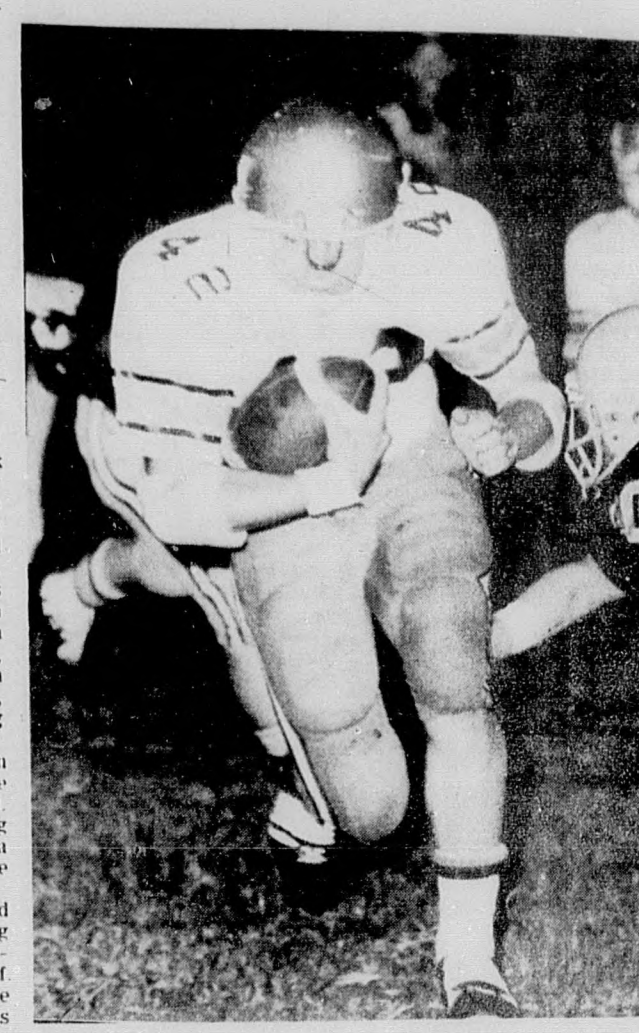

Elba's biggest play of the drive came up next, when Russ Cash pitched out to Larry Phillips. Phillips raced 34 yards down the sidelines to the Bobcat 8-yardline, and again Elba was knocking at the door. The score came following an Opp penalty, when Johnny Dyess ran in from 4 yards out. Cash passed to Terry Barnes for the two-point conversion, and with 5:27 left in the half Elba had a 14-0 advantage.

Elba threatened late in the half, but Ken Martin's 31-yard field goal attempt hit the crossbar and fell short.

At halftime the Tiger's went into the dressing room with a 14-0 lead.

Neither team could move on their initial possession of the third quarter, and following a pair of punts Elba had the ball on their 25-yardline. This time the Tiger's would drive 75 yards in 16 plays to score their third touchdown.

Johnny Dyess and Larry Phillips took turns running on the drive's initial six plays, but Elba faced a fourth down and four at the Opp 46, and appeared stopped. However, Elba pulled their "infamous" shift into punt formation and pulled Opp offside, to keep the drive alive. Six running plays moved the ball to the 20, where Johnny Dyess blasted for 14 yards, giving Elba a first and goal at the six-yardline. Dyess again got the call on first down, but the ball was jarred loose, and bounced outside near the sideline. Elba's Larry Phillips scooped up the pignick and tip-toed in for the score.

Elba running back Johnny Dyess (42) heads upfield for big gain. Dyess rushed for 195 yards in 27 carries to lead Tigers past Opp.

The pat failed, but Elba's lead was up to 20-0 with only 1:25 remaining in the third quarter. The Tiger tid forced Opp to go to the airways, and that proved to seal the Bobcats' doom.

Opp quarterback Tim Whigham passed on first down, but Elba's Larry Phillips intercepted the errant aerial to give the ball back to the Tigers.

Elba had to punt right back, but this time Whigham's pass was picked off by Steven Harrelson, and the Tigers again had the ball.

The Tigers moved to the Opp 22-yard line, but two errant pitchouts lost 21 yards, and a bad snap on the punt attempt turned the ball over to the Bobcats on the Elba 45.

This time Opp held the ball three plays before Willie Lowe picked off yet another Whigham pass. Elba moved to the Opp 27-yard line, but lost a fumble to end the drive.

Opp lost 8 yards in three plays, and had to punt. Elba simply ran out the clock, and claimed the win 20-0.

Russ Cash (11) rolls out on option play. Cash gained 12 yards in 5 carries against the Bobcats.

## STATISTICS

ELBA	OPP
1st downs	17

Passing	56
Total Offense	339
2nd-4th	4-10-0
Fumbles/Lost	3-1-0
Punts	2-30
Penalties	68

INDIVIDUAL  
STATISTICS

Elba was led offensively by their 1-2 punch of Johnny Dyess and Larry Phillips. Dyess gained 195 yards on 27 carries, while Phillips rushed for 146 yards on only 14 carries.

The unsung stars on offense were the Elba offensive linemen. The Tiger blockers opened gaping holes in the Opp defense, and made the Elba offense click. A pat on the back for a job well done should go to all of Elba's linemen.

Win Westbrook added 27 yards in 3 carries. Russ Cash netted 12 yards in 5 tries, and James Smith bulled for 19 yards in 4 carries.

The Elba defense was paced by Phillips, Harrelson, Smith, Lowe and Westbrook.

NEW BROCKTON FALLS TO UNBEATEN  
HOUSTON ACADEMY 28-8

The New Brockton Gamecocks saw an 8-0 halftime lead evaporate under a furious second half Houston Academy rally Friday night, as the Raiders claimed a 28-8 win.

The win keeps the Raiders' record perfect at 4-0, while the Gamecocks' slate dips to 1-2.

The Gamecocks, playing at home for the first time this season, came out ready to play, and completely dominated the first half. New Brockton drove deep into Raider territory in the first quarter, but came away empty handed.

The Gamecocks moved ahead in the second period when Johnny Simmons bulled over from the four-yardline. Simmons also laced on the two-point conversion, and at halftime the Gamecocks' led 8-0. The New Brockton touchdown was the first scored against Houston Academy this season. The Raiders went to work in the third stanza, and pushed across two touchdowns to move ahead 16-8.

The tying score came on a 13-yard pass from Bob Flowers to Tommy Ponder, and a two-point conversion on a run by Clay Parrish.

The Dothan team went ahead to stay later in the quarter when Jeff Stephenson sprinted in from two yards out. Parrish again ran in the two-point conversion.

The Raiders' lead went to 22-8 early in the fourth period when Flowers passed six yards to Bobby Moore.

The final score came on a three-yard jaunt by Parrish.

## ZION CHAPEL

NO MATCH, FALLS  
TO CLIO 62-6

The Zion Chapel Rebels finally scored a touchdown last week against the Clio Yellow-jackets. However, the Yellow-jackets scored nine times, and routed the Rebels 62-6.

The win keeps Clio's record unbeaten at 4-0, while Z.C. remains winless at 0-4.

Clio jumped into a 28-0 lead after one quarter, and added 14 points in the second stanza to take a 42-0 halftime lead. The Jackets lead went to 54-0 after three quarters, while Clio outscored the Rebels 1-6 in the final period to make the score 62-6.

The Zion Chapel score came on an 8-yard gallop by Corky Ward.

Z.C.: 0 0 0 6 - 6

C.: 26 14 14 9 - 62

Tigers' Larry Phillips (23) follows Steven Harrelson (37) around end for big gain.

VIEWS FROM THE

## PRESSBOX

BY RICKY MULLEN

SPORTS EDITOR

**TIGERS LOOK GOOD IN WIN OVER OPP**  
Prior to last week's game I'd only seen Elba play once this year, and that was their 17-0 loss to Geneva. All I really knew about the Tigers was what I'd heard from people who went to the games, or what I was able to pick up watching the films at the Athletic Club meetings. So, I picked Opp to beat Elba, and went to the game honestly expecting the Tigers to get beat.

Boy, was I ever pleasantly surprised! Elba played four super quarters of football, and could have easily beaten Opp worse than they did.

The Elba offensive line opened holes in the Opp defense all night long, and Johnny Dyess and Larry Phillips took advantage of the running room to both rush for over 100 yards. The smaller Elba linemen trapped the bigger Opp men throughout the game and deserve credit for their fine play.

Quarterback Russ Cash played the best game of his career. Russ read the defense superbly, and made the pitch-out at just the right time to spring the running back. If Russ continues to improve, the Tigers will prove a challenge to anyone they play.

Johnny Dyess ran for 195 yards against Opp, and surprised me with his power. Johnny is only about 5-9, 160 pounds, but last week he ran over would-be tacklers on more than one occasion. Johnny's fine running ability will take some of the pressure off Larry Phillips.

I could go on bragging on Elba's players all day, but you know how good they are as well as I do!

I guess the best way to say it is "Elba, you played one Hell of a game!"

**PREP ROUNDUP**  
Well, Zion Chapel finally scored! The Rebels had gone three games without crossing the goal-line prior to last week's game, but Friday night they scored against Clio. Don't get the idea that they scored on Clio's fourth-string players! Clio tried their best to shut-out the Rebels, but Z.C. finally put it together and scored. Now that the Rebels know they can score, don't be surprised if they get it going and take out the frustration of being beaten four straight weeks against their next several opponents.

Enterprise and Andalusia locked horns last week, and Andy pulled off an 8-3 upset. Now Enterprise knows how we've felt the past couple of years!

Kinston won their first game last week over McKean 21-0. The Bulldogs ain't no slouch, and it'll surprise me if they don't win at least 4 or 5 more games.

Florida really got roughed up last week by Georgiana 42-12. It's been a long time since anybody has beaten Geneva 18-13. The Tigers' have a good coach in George Cochran, and appear on their way to a fine season.

**BRUNSON AN ACE ON GOLF OR TRACK**  
I was supposed to go course last Saturday, but after staying up until about 2 a.m. Saturday morning, I just couldn't make it. Well, I wish I had! It seems my old buddy Greg Brunson, fired a 35-37 for a 72 over at Brundidge. Greg and I used to play together at Elba all the time, and it looks like he's really hitting the ball super. I wish he had shot a 72 the last time we played in a 4-ball Tournament together.

I'd like to take this chance to thank Greg for the fine job he did this summer in covering the races at Twin City Speedway. Greg had a weekly "MOTOR POOL" column in which he reported on the races held every Saturday night down at Kinston, and he did a great job. Occasionally, Greg would get a certain driver more than a little mad at him, but all in all he did a fine job. Thanks a lot!

**POLISH PICKINS**  
My old Polish Power of predicting didn't do so well last week. I only hit on 726, but this week I'm expecting to get back in the 80% range.

**ELBA-DALE COUNTY** The Tigers could be caught looking ahead to Enterprise, but don't count on it. Elba should have more than enough to handle the winless Warriors!

Elba 32 Dale County 12

**NEW BROCKTON-WICKSBURG** The Gamecocks looked good last week, but lost. Wicksburg will prove too strong!

Wicksburg 20 New Brockton 12

**KINSTON-LOUISVILLE** The Bulldogs won last week, and should be fired up. Chalk up win No. 2 for the boys from Kinston! Kinston 18 Louisville 14

**ZION CHAPEL-LONG** The Rebels could pull off an upset after last week's disaster at Clio. However, I'll go with Long in a squeaker!

Long 22 Zion Chapel 20

**LUVERNE-BRANTLEY** This is the "Game of the Week" in south Alabama. The Bulldogs are powerful, but I'll pick Luverne in an upset!

Luverne 24 Brantley 14

**OTHER PICKS:** Houston Academy 35 Coffee Springs 6; Clio 41 Arton 15; Americus 17 Auburn 0; Andalusia 28 Troy 7; Smith Station 34 Union Springs 6; Lanett 21 Stanhope Elmore 7; Florida 14 Baker 13; Eclectic 40 Holtville 19; Daleville 16 Semmes 0; Cottonwood 30 Columbia 0; Edafala 27 Brundridge 7; Opp 14 Ashford 7; Opelika 21 Tuskegee 13; Dozier 16 Straghan 14; Headland 20 Reboeth 8; Hartford 26 Slocumb 22; Rustville 10 Doolin 3; Carver 14 Selma 0; Ft. Deposit 26 Goshen 12; Georgiana 18 Southside 8.

**ENTRY LIST GROWS FOR PENSACOLA OPEN**

The first back-to-back tournament winner this year, one of golf's nine million-dollar winners, and the winner of this year's B.C. Open have become the latest commitments to play in the Pensacola Open on Oct. 28-31.

Ben Crenshaw, who ranks third on this year's money list, and the King of the Masters, who won the 1969 PGA Championship, are among the early commitments to play in the Pensacola Open on Oct. 28-31.

Ben Crenshaw, a 45-year-old Texan, has won nine four titles, and this year became the ninth golfer in history to win \$1 million in career earnings.

Bob Wynn, 32nd on this year's money list, claimed his first career title in the B.C. Open, and has banked over \$76,000 in earnings this year.

Other early commitments include: Don Verson, a former

## PP&K WINNERS HONORED

The winners at the recent Punt, Pass and Kick contest held in Elba were honored last Thursday night with a banquet sponsored by Ed Sherling Ford of Elba. At the banquet the winners were presented trophies for their fine showing in the competition. The young men and their families were also treated to a delicious barbecue chicken dinner.

I could go on bragging on Elba's players all day, but you know how good they are as well as I do!

I guess the best way to say it is "Elba, you played one Hell of a game!"

**OUTDOORS**

Enterprise and Andalusia locked horns last week, and Andy pulled off an 8-3 upset. Now Enterprise knows how we've felt the past couple of years!

Kinston won their first game last week over McKean 21-0. The Bulldogs ain't no slouch, and it'll surprise me if they don't win at least 4 or 5 more games.

Florida really got roughed up last week by Georgiana 42-12. It's been a long time since anybody has beaten Geneva 18-13. The Tigers' have a good coach in George Cochran, and appear on their way to a fine season.

**BRUNSON AN ACE ON GOLF OR TRACK**  
I was supposed to go course last Saturday, but after staying up until about 2 a.m. Saturday morning, I just couldn't make it. Well, I wish I had! It seems my old buddy Greg Brunson, fired a 35-37 for a 72 over at Brundidge. Greg and I used to play together at Elba all the time, and it looks like he's really hitting the ball super. I wish he had shot a 72 the last time we played in a 4-ball Tournament together.

I'd like to take this chance to thank Greg for the fine job he did this summer in covering the races at Twin City Speedway. Greg had a weekly "MOTOR POOL" column in which he reported on the races held every Saturday night down at Kinston, and he did a great job. Occasionally, Greg would get a certain driver more than a little mad at him, but all in all he did a fine job. Thanks a lot!

**POLISH PICKINS**  
My old Polish Power of predicting didn't do so well last week. I only hit on 726, but this week I'm expecting to get back in the 80% range.

**ELBA-DALE COUNTY** The Tigers could be caught looking ahead to Enterprise, but don't count on it. Elba should have more than enough to handle the winless Warriors!

Elba 32 Dale County 12

**NEW BROCKTON-WICKSBURG** The Gamecocks looked good last week, but lost. Wicksburg will prove too strong!

Wicksburg 20 New Brockton 12

**KINSTON-LOUISVILLE** The Bulldogs won last week, and should be fired up. Chalk up win No. 2 for the boys from Kinston! Kinston 18 Louisville 14

**ZION CHAPEL-LONG** The Rebels could pull off an upset after last week's disaster at Clio. However, I'll go with Long in a squeaker!

Long 22 Zion Chapel 20

**LUVERNE-BRANTLEY** This is the "Game of the Week" in south Alabama. The Bulldogs are powerful, but I'll pick Luverne in an upset!

Luverne 24 Brantley 14

**OTHER PICKS:** Houston Academy 35 Coffee Springs 6; Clio 41 Arton 15; Americus 17 Auburn 0; Andalusia 28 Troy 7; Smith Station 34 Union Springs 6; Lanett 21 Stanhope Elmore 7; Florida 14 Baker 13; Eclectic 40 Holtville 19; Daleville 16 Semmes 0; Cottonwood 30 Columbia 0; Edafala 27 Brundridge 7; Opp 14 Ashford 7; Opelika 21 Tuskegee 13; Dozier 16 Straghan 14; Headland 20 Reboeth 8; Hartford 26 Slocumb 22; Rustville 10 Doolin 3; Carver 14 Selma 0; Ft. Deposit 26 Goshen 12; Georgiana 18 Southside 8.

**ENTRY LIST GROWS FOR PENSACOLA OPEN**

The first back-to-back tournament winner this year, one of golf's nine million-dollar winners, and the winner of this year's B.C. Open have become the latest commitments to play in the Pensacola Open on Oct. 28-31.

Ben Crenshaw, who ranks third on this year's money list, and the King of the Masters, who won the 1969 PGA Championship, are among the early commitments to play in the Pensacola Open on Oct. 28-31.

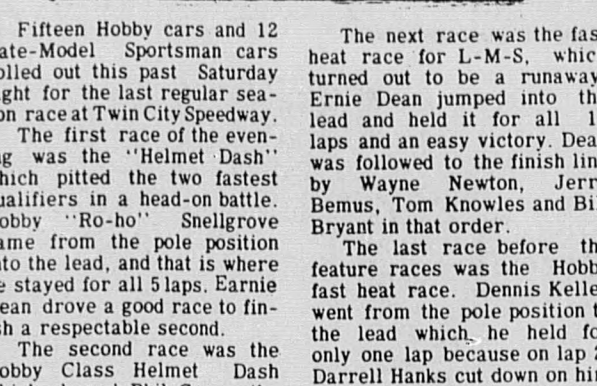

Ben Crenshaw, a 45-year-old Texan, has won nine four titles, and this year became the ninth golfer in history to win \$1 million in career earnings.

## Two Elba Youths Advance In PP&K Competition

Two Elba youths claimed Regional titles last week in Punt, Pass and Kick competition in Enterprise. They were Troy Brown, 13, and Shaun Nowell, 8.

Troy, the son of Mr. and Mrs. Richard Brown of Rt. 1, Elba, compiled 27 points to win in the 13-year-old age group.

Shaun, the son of Mr. and Mrs. Don Nowell, of Rt. 1, Elba, totaled 17 points to

claim the 8-year-old crown. Other winners were: Ronnie Clark, Enterprise; Jim Thompson, Enterprise; David Coffey, Enterprise; and Gregory Vick, Enterprise.

The winners will now advance to Zone competition to be held at Cloverdale Junior High in Montgomery this Saturday afternoon.

## Miss Johnson New Teacher

The Rebel News has been introducing to our readers the new teachers at Zion Chapel this year. The last, but by far the prettiest is Miss Betty Johnson who came to us from Brundidge. She taught reading in the primary grades at New Hope last year.

Miss Johnson is a graduate of Pike County High School. After that she attended Troy State University where she received a B.S. Degree. She is teaching Math and English to seventh, eighth and ninth graders here at Zion Chapel.

Miss Johnson says that everyone here at Zion Chapel is friendly and nice. It is easy when you have someone like Miss Johnson to be friendly and nice to.

## THROUGH THE PORTALS PASS THE FINEST POLICEMEN IN THE WORLD

### Meet Your Policemen

How many of you know the members of your Elba Police Department? I mean, really know them? That's what I thought!

The Elba Police Department would like to take this chance to introduce the members of the Police Department to you, and give you a brief look into their qualifications.

The Elba Police Department has 11 full-time officers, 18 auxiliary members, 11 cadets, 8 school patrol members and 3 radio operators. The department also uses two men employed by the government's C.E.T.A. program.

Heading up Elba's Police Department is Chief Meloye W. Johnston. Chief Johnston is one of the most qualified police officers in the state, with certificates or diplomas from over 20 police-related schools. Included among his impressive list of credentials and schools attended are: BS degree from Troy State University in Criminal Justice; Associate degree from Enterprise State Junior College in Law Enforcement Certificate; 30-hour Law Enforcement Certificate; Personnel Management School; Police Judo School; Police Supervisor School; O.S.H.A. Safety School; Police Academy graduate; Advanced Police Academy graduate; Investigator School; Crime Scene School; Hostage Negotiation School; Physical Preparedness School; Police Dog Training School; Police Dog Supervisor School. Chief Johnston is now enrolled at Troy State University where he is completing work on his Master's Degree in Criminal Justice. Johnston will receive his Master's in March of 1977.

\*\*The Assistant Chief of Police is Max Rayborn. Rayborn is one of the department's most experienced officers, and holds an Associate Degree from Enterprise State Junior College in Criminal Justice. Rayborn has also attended Accident Investigation School and Crime Scene School.

\*\*Major Pete Daugherty is the department's investigator. Daugherty has been to Investigator School, Arson School, Accident Investigation School, Intoximeter School, Crime Scene School, Darkroom School, Crime Scene Photo School, Uniform Crime Report School and Journalism Photo School.

\*\*The Elba Police Department has three captains. They are: Capt. James Spurlin, who has been to Investigator School and Accident Investigation School;

Capt. Frank Thomas, a graduate of the Police Academy, the North Carolina State Police Academy, the Intoximeter School, and the Crime Scene School; and

Capt. Leonard Cook, a graduate of the Police Academy.

\*\*Detective Simon Benson is probably the department's least-known member. Benson does considerable undercover work in his spare time for different State and Federal agencies throughout the south. Det. Benson is a graduate of the Police Academy, the State Police School, and the Investigator School.

\*\*Patrolman James Phillips is one of the department's newer members, and is a graduate of the Police Academy. Phillips is enrolled at Enterprise State Junior College and is working toward an Associate degree in Criminal Justice.

\*\*The newest and youngest member of the department is Patrolman Freddie Moore. Moore is enrolled at Troy State University in the Criminal Justice Program, and will attend the Police Academy in October for six weeks of training.

\*\*The department's radio operators are Leo Foreman, Ricky Christian and Joyce Skinner.

\*\*The two C.E.T.A. workers are Jimmy Culliver, who works a regular shift as a patrolman, and Murray Radwick, who is night security officer in the downtown business district.

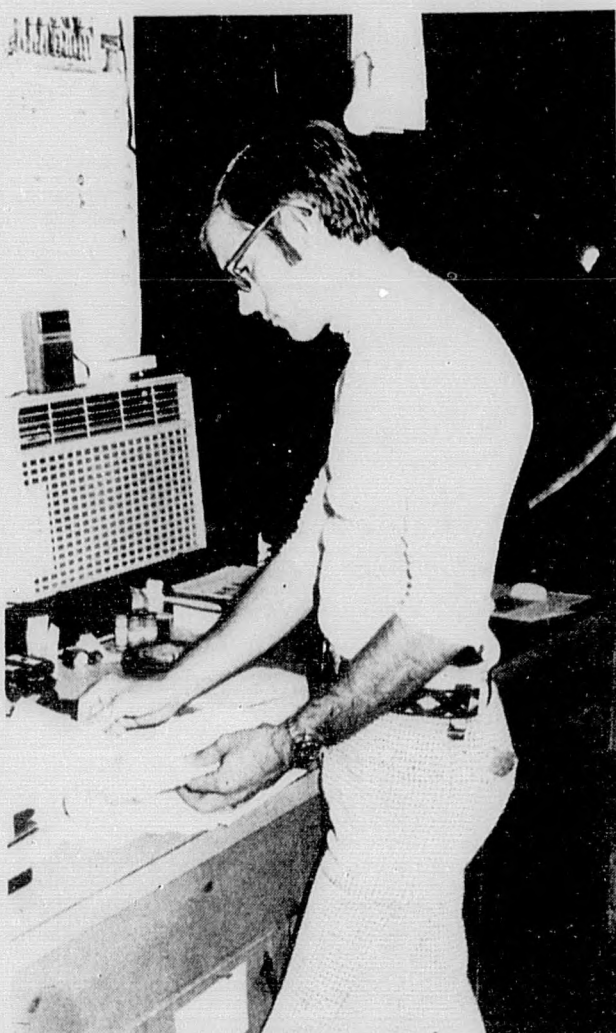

\*\*Elba is one of the few towns in south Alabama to maintain a S.W.A.T. (Special Weapons and Tactics) team. The team is composed of policemen who undergo extensive training during their free time.

The members of the S.W.A.T. team receive no bonus pay for their action, and either purchased their weapons at their own personal expense, or from Army surplus. Members of the team must be ready at a moment's notice to arm themselves in case of special emergency.

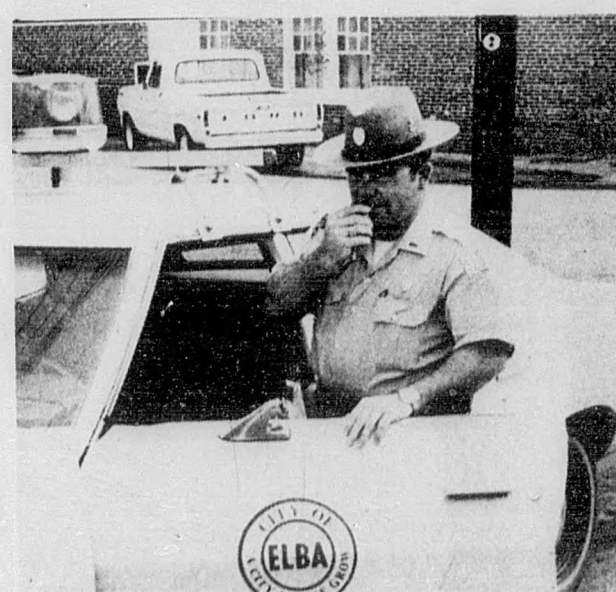

\*\*I hope this informal introduction to the force will lead to a more genuine respect for our "Men in Blue," and help acquaint you with our guardians of justice.

## Holley Promises Vote On One Courthouse

State Representative Jimmy Holley met Tuesday night with elected officials from throughout Coffee County. The purpose of the meeting was for Holley to announce and discuss his plans to get the courthouse issue before the people of Coffee County.

Holley's plan is to get a constitutional amendment on the ballot and allow the people of Alabama to vote on changing the county seat from Elba to New Brockton. This would also mean closing the annex in Enterprise if approved by the voters. Holley said this is the only alternate available unless someone or some group manages to get a petition signed by one more than fifty percent of the registered voters in the county.

Present at the meeting, held at the farm center in New Brockton, were elected officials from Elba, Kinston and New Brockton, as well as members of the county commission and other county officials, the news media and several officials-elect, including all but one of the incoming city fathers of Elba. Conspicuous by their absence were the Mayor and council of Enterprise. Reports were that they "had other commitments."

Representative Holley started the meeting by noting that at one time there was a need for two courthouses in Coffee County, but with modern transportation he felt this need has passed. He added that in his opinion the growing split between the two divisions of Coffee County could be healed by compromising on one courthouse. According to Holley, the one place the people of Coffee County would compromise on would be New Brockton.

Holley called on Probate Judge James Sawyer to comment on the Grand Jury reports and Sawyer said that for three years, the Grand Jury of both Elba and Enterprise had been calling for one courthouse, but that the County Commission hands were tied by Alabama law.

Sawyer noted that the county commission had been prompted by a large number of people to "do something." He said the only thing the commissioners could do would be to build two new courthouses or attempt to repair the existing buildings again.

Elba city councilman John W. Sharpless asked, "When could this election be held?" Holley said the constitutional amendment would have to be introduced into the House in February and the law sets the waiting time after the legislative session ends before an election can be held.

Tax Collector Max Reeves went on record as favoring one courthouse and locating it in New Brockton. He said he was elected to work in two courthouses and could continue, but

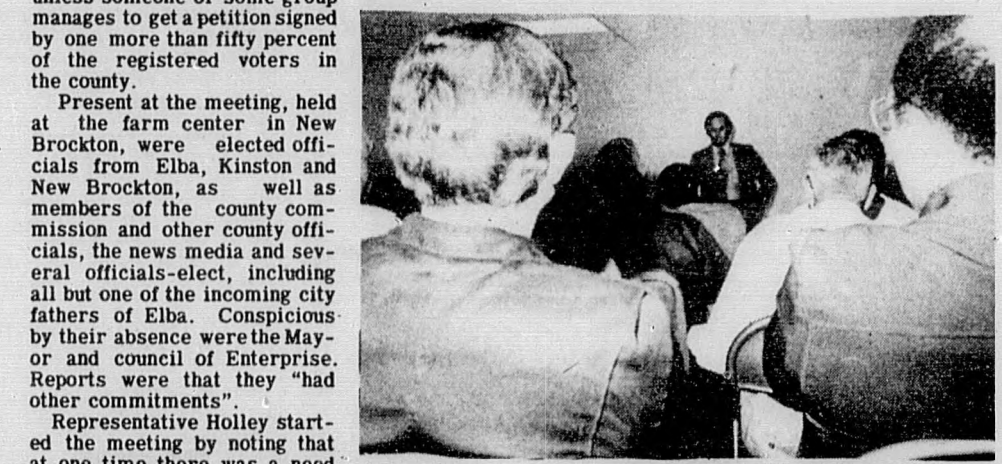

felt it would save the taxpayers money to build one. Sheriff Neil Grantham said he favored one courthouse and one jail. Grantham said if you ever needed to see him, just get on the highway between Elba and Enterprise and he would be by shortly.

Commissioner-elect Gilmer Grant, who lives in rural North Coffee County said that in his opinion, most of the rural voters favored one courthouse centrally located in New Brockton.

Commissioner Flourney Whitman said, "I see nothing wrong, but feel anything this big should be approved by the people."

The only proposal was presented by Roy Shoffner of the Enterprise Daily Ledger, who wanted the four municipalities placed on the ballot and the people given a chance to vote on one or the other. Holley said this would necessitate at least two elections and legal advice was that it was possibly not legal.

Elba councilman Virgil Coleman commended Holley and said he wished more politicians would take a stand on vital issues.

HOLLEY SPEAKS TO OFFICIALS

## Safety Week Proclaimed In State

October 3 - 9 is National School Bus Safety Week, and will be observed in Coffee County.

Coffee County's fleet of 35 buses now serves six county schools. Approximately 2000 students are bused to school each day, amounting to 38,000 miles each month.

Coffee County Transportation Supervisor Wayne Smith assures parents that school officials are "concerned and responsible for the safety of your children from the time they board their bus."

According to Smith, the school bus drivers in the county and the state are required to have State School Bus Drivers License. Each driver must obtain 12 clock hours of training given by State Transportation consultants, and six hours each year to remain qualified drivers.

Smith also points out that school bus safety programs are carried out in the schools to teach the children road safety rules on the buses. He calls upon county citizens to observe his safety on the highways this week, and at all times.

## LICENSES EXPIRE IN OCTOBER

The coming of October means it's that time of the year again to renew all licenses.

Coffee County Probate Judge James Sawyer has announced that all yearly licenses expire on Nov. 1, and that beginning Oct. 1 the Probate Office will be open from 8-5 on weekdays (including the noon hour) and 12 on Saturdays.

Business licenses will be sold only during October, and those wishing to renew their license should bring their old license with them to the Probate Office to speed up the process.

Hunting licenses will be \$2.75 for the county, and \$5.25 for the state. Fishing licenses are \$3.25 for rod and reel and \$1.25 for hook and line (outside the county).

Life-time hunting and fishing licenses are also due now, and are \$4.50 for a boat up to 16 feet, and \$6.50 for boats 16-26 feet.

**BAND PARENTS TO MEET TUESDAY**

All band students' parents are urged to attend the Band Boosters' meeting scheduled for Tuesday, October 5th at 7 p.m. in the band room of the school.

## Clark Named To Equalization Board

Joe Clark, Elba Real Estate agent, is shown being sworn to serve on the Coffee County Equalization Board. Swearing in Clark is Probate Judge James Sawyer.

Named to the three man board with Clark were E. L. Dean and Early Frank Henderson.

Dean has taken the oath of office, and at press time it was unknown if Henderson would serve. He has not taken the oath and reportedly is debating for personal and health reasons.

Coffee County has been with an Equalization Board for a number of years.

34 PRE-IT CONTESTANTS ENTER LITTLE MISS CONTEST

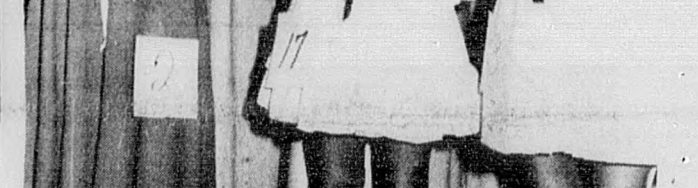

## Danon Lowery Named Little Miss Elba

Pretty little Danon Lowery, (center), second grader at Elba Elementary School, captured the Little Miss Elba crown last Thursday night at the annual contest.

Danon is the daughter of Mr. and Mrs. Sammy Lowery. She will participate in the Little Miss Peanut contest during the Peanut Festival at Dothan in October.

First runner-up (left), was Melanie Ann Barnes, daughter of Mr. and Mrs. Federal Barnes. Second runner-up was Camilla Biasi, daughter of Mrs. Mavis Biasi.

Krista Dyeas, daughter of Mr. and Mrs. Tom Dyeas was last year's Little Miss Elba.

MELANIE, DANON & CAMILLA

## WALLACE MILLER POLITICS IN ELBA

Dr. Wallace Miller, Democratic candidate for the Alabama Senate, visited THE ELBA CLIPPER Monday morning. Miller talked at length about his plans if elected and answered questions about vital issues in Coffee County.

Among the things Miller will work for are completing the bridge across Beaver Dam on Highway 84; widening of Highway 87 to 24 feet from Elba to Springfield, south Troy; 4 lane of 84 from Elba to Enterprise; work with elected officials of cities and county to help solve the many problems facing Coffee County; work to get Coffee County back together; work with representatives with responsibility to help solve our problems in Coffee County.

Miller is married to the former Ann Watkins of Elba and they have two children. Additional statements made by Dr. Miller during the interview will be published as the November election date approaches.

## Assessor Tell Of Signing Delay

Fred L. Donaldson, Tax Assessor, issues this statement with regard to signing Assessment sheets:

"The Tax Assessor's Office has not been furnished with reappraisal figures for real estate; therefore, the Coffee County Taxpayers will not be able to sign their assessment sheets on October 1. We will publicize our progress in assessing property and you should be able to sign your assessment sheet before December 31, 1976. We will be able to assess

motor vehicles beginning October 1, 1976."

**TWO DAYS LEFT FOR VOTER REGISTERING**

The Registrar's office has announced that only two days remain for people to register to vote in the upcoming presidential election.

The Elba office will be open on Monday, Oct. 4, from 9:00 a.m. until 3:00 p.m.; while the final day will be Monday, Oct. 18, in Enterprise.

Electric Rate Increase Pondered

Consulting Electrical Engineer Jimmy Stewart, left, talks with Water and Electric Chairman Charles Hayes, center and Mayor Elect Robert Folsom about the pending electric rate increase in Elba. Stewart is estimating the wholesale rate increase and attempting to break it down in the smallest possible rate increase for the people of Elba.

Previously Hayes has estimated that an increase at least 30% was in store for Elba power users. This was due to a rate increase from Alabama Electric Co-op that takes effect on October 1st. Alabama Electric had to increase the cost of power bought in Washington.

Presently the plans for this rate increase to be reflected on the Elba power user's bills at November 1st.

## Democrats Plan Strategy For November

The Coffee County Democratic Executive Committee met Saturday at noon to make plans for the upcoming November election. Joe Siegelman of Birmingham and Linda Brown, of Dothan were present representing the State Democratic Committee and explained the plan to the local group.

Siegelman announced that County Chairman Jackson Stokes has been appointed to lead the Carter-Mondet campaign. This appointment was made by Carter. Stokes was also appointed by state chairman Robert Vance to head the "Vote Democratic" party for the November election.

All band students' parents are urged to attend the Band Boosters' meeting scheduled for Tuesday, October 5th at 7 p.m. in the band room of the school.

Car tags have new look for new year. Alabama car tags take on a new look this year. The tags are designed to last five years, and will go on sale Friday, Oct. 1, in Coffee County. Decorated in red, white, and blue, the tags feature the identifying letters and numerals, a picture of the state capitol, an Alabama flag, a Heart of Dixie emblem, a Bicentennial flag, and the year. Inexpensive, car owners will just purchase a decal with the new year for their tags. Coffee County tags go from BWD 001 to BWK 999—with no more than three numerals used. Also, the identifying county name comes on a decal to be attached to the bottom of the tag. Displaying the new tags are Mrs. Neil Harrison, Chief Clerk at the Probate Office, and Miss Billie Simmons, a V.I.C.A. student employed at The Elba Clipper.

The voters first go to the tax assessor's office, then to the tax collector's office, then to the probate judge's office to follow the established process.
